STUDENT PORTAL REGISTRATION PROCESS

1. Welcome

Dear Student,

If you are reading this, it means you have received an invitation to register for 2025 at Varsity College, Waterfall.

You have two options to complete your registration process:

- **On-campus registration:** If you choose to register on campus, dedicated registration staff and venues are available to assist you.
- **Online registration:** If you prefer to register from home, follow the step-by-step registration guide in the email. You can also watch the registration video and use the FAQ BOT to help you with the process.

2. Student Information Systems (SIS) and Single Sign On (SSO)

All Student Information Systems use the same username, which is your ST number and password. This is called your Single Sign-On (SSO) credentials, which you will use to access all the systems.

For new students, you will receive information and onboarding sessions during O' Week, where you will learn about the different Student Information Systems and how to use them.

3. Module selection

Depending on your qualification and year of study, your qualification is made up of **MANDATORY** and **OPTIONAL** modules. All Year 1 modules are listed as **MANDATORY** modules, except for electives listed as **OPTIONAL** modules on the selection screen.

A prerequisite module is a module you need to complete before you can proceed with another module, while a corequisite module is a module that you can proceed with in conjunction with another module.

All modules in your qualification need to be completed for you to meet the minimum requirements to graduate.

3.1. Returning Students

A late registration fee will be levied to returning students only, should we not receive your request for registration and minimum payment on or before 3rd February 2025. Students registering for a new qualification are exempt from this fee

Your module basket will be populated based on your academic progression through your qualification.

If you require assistance in selecting any repeat, outstanding, or replacement modules for 2025, you can consult the Academic Progression Document (APD). This document is available in the registration section of your student profile for module selection. The **absence** of an Academic Progression Document (APD) **does not impact your ability** to continue with your registration.

3.2. First Year Students

In instances where qualifications have elective modules, you will need to choose between some elective modules, these are:

LLB (Bachelor of Laws) Year 1 electives on offer (choose 1 subject A and B module):

- Business Management 1A & 1B OR
- Psychology 1A & 1B OR
- Sociology 1A & 1B

Bachelor of Education (Intermediate Phase & Foundation Phase)

Due to the complexity of the registration process of these programmes, we require all 1st year students on the IIE BED programmes (once matric results have been released) to consult with an Admission Officer Student Recruitment on campus regarding module choices prior to registration.

Early disclosure ensures all applications are processed and all support structures are implemented to ensure equitable and conducive learning environments.

- Accommodations for short-term physical or medical difficulties or injuries.

In case you need any support, please feel free to contact the campus.
