

Top Graduates for Your Business

Education for a New Age

At The IIE's Varsity College we believe it's about time education became personal. We understand that when learning is made to fit how you think, what you're passionate about and how you live, that's when you find your fit. That's when the knowledge and skills you accumulate in your studies help you to find your place and stand out in the working world. We support and prepare each student for their career in a way that suits them, so that they not only thrive in their future, but are also the best person for the job.

Varsity College and The Independent Institute of Education

The IIE is the Independent Institute of Education. Every Varsity College campus is an IIE campus. The IIE is responsible for academic governance and quality assurance of all programmes delivered through its campuses and is registered with the Department of Higher Education and Training (DHET) to provide higher education qualifications accredited by the Council on Higher Education (CHE).

The IIE is the most accredited private higher education institution in the country, which is testament to the organisation's commitment to quality and rigour.

The IIE has also been accredited by the internationally recognised quality assurance agency, The British Accreditation Council (BAC). The BAC is an independent authority in the United Kingdom that accredits private providers globally. The IIE's degrees, diplomas and higher certificates are offered at The IIE's Varsity College campuses in Sandton, Pretoria, Waterfall, Cape Town, Nelson Mandela Bay, Durban North, Westville and Pietermaritzburg.

What is the Career Centre?

The Career Centre is a career-readiness centre offering students an opportunity to acquire essential workplace skills. We equip students with the ability to adapt, learn, and apply relevant skills in an ever-changing professional environment. It is important that the acquired skills complement their academic qualifications to ensure well-rounded and effective preparation for future careers.

Each of the eight IIE Varsity College campuses has a dedicated Career Centre, Career Centre Coordinator and a Career Centre Platform. The platform provides students with a wealth of interactive career tools, e-learning content, and the latest part-time and full-time graduate job opportunities.

Through the Career Centre, in partnership with industry, students develop crucial skills resulting in well-rounded, career-ready graduates, fully equipped to contribute to, and succeed in their careers and the working world.

Beyond the Lecture Room

The Career Centre creates value for students all year round. Employability Workshops, Employer Showcases and Career Fairs hosted with industry experts, equip students with work readiness skills and industry knowledge.

Students are supported and assisted by their Career Centre Coordinator to map out their career expectations and goals. Students are equipped with must-have skills for the modern professional landscape through e-learning content and employability workshops – covering topics like interview techniques, CV design, emotional intelligence, leadership, adaptability, networking, personal and professional branding and specific industry knowledge.

As a Career Centre, we support students by helping them find and apply for part-time, full-time and graduate work opportunities in companies (small, medium and large businesses).

The IIE's Varsity College has a strong alumni community, keeping us connected to industry. We believe in celebrating the VC Alumni, as it is inspiration for current students, and an encouragement to join and enjoy the benefits of networking.

Partnering with the Career Centre as an Employer

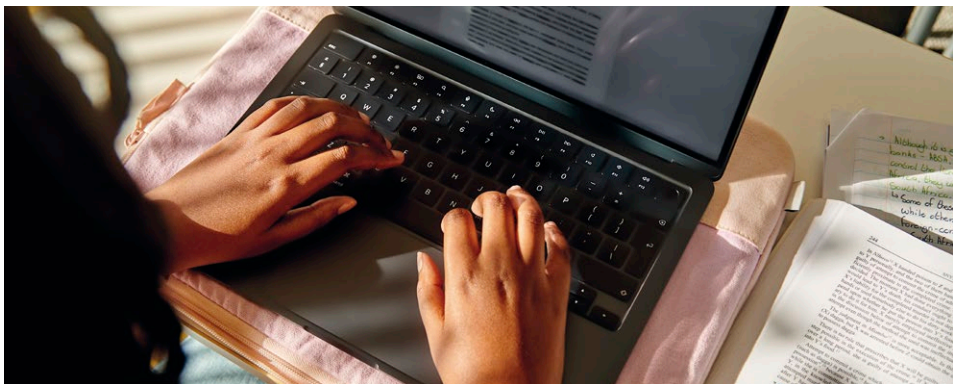

As an employer of choice, we want to assist you in building your employer brand on campus. We offer various opportunities for you to connect with our students and graduates virtually or face-to-face:

- Showcase your company/career opportunities at any of our Full-Time Career Fairs or Part-Time Work Expos.
- Volunteer your skills and impart your industry knowledge by assisting us in hosting career development/employability workshops which provide our students and graduates with industry exposure.
- Offer part-time and full-time job opportunities (internships, learnerships, graduate programmes or entry-level permanent roles) to our students/graduates. We will advertise these via the Career Centre Platform.

By partnering with us, The IIE's Varsity College Career Centre will assist you in finding the most suitable candidates for job opportunities.

How the Career Centre Creates Value for Employers

- The IIE's Varsity College produces quality IIE graduates with recognised and accredited qualifications in a wide range of core disciplines.
- The IIE's Varsity College has readily accessible students who are seeking part-time work, or recent graduates and graduates with experience.
- Each campus has a Career Centre Coordinator who acts as a direct contact between job opportunities and suitable students/graduates and assists employers with facilitating placements. Our lecturers provide valuable insights into students, allowing you to trust that the graduates you consider for your business come highly recommended.
- The IIE's Varsity College Career Centre does not charge any commission or service fees to either the student or the employer.

The IIE's Varsity College delivers a number of The IIE's postgraduate and undergraduate degrees, diplomas and higher certificates.
